

BECAUSE
(Stephane LEBOURG)

D
Because you
F#m
Went to school
G **A**
For years and years, you think you're honest
D
I know you
F#m
Take me for a fool
G **A**
But you don't know for me what is best
Bm
You believe you
F#m
Got the power
G **A**
And I'm a bit different I confess
D
I never told you
F#m
What I'm thinking of you
G **Asus4 A**
I leave you alone with your business ____

D / G A
But I'm a cheater for you
D / G A
And I call you Peggy Sue

G# G#m A A

Definitely, you're not
The one I knew
I can't recognize the girl I really trusted
Who are you to
Tell me what I have to do
With your advice I could never tell
You don't remember
The good old times
And this melody, does it ring a bell?
I wrote it for you
At that time
You were fighting for life and nothing else

But I'm a cheater for you
You think that nothing is true
And I'm a liar for you
And I call you Peggy Sue

I know you
Take me for a fool
I'm just a bit different, I confess
I never told you
But you gotta be cool
You don't know for me what is best

So I'm a cheater for you
You think that nothing is true
And I'm a liar for you
And I call you Peggy Sue
