

FIND A WAY
(Stéphane LEBOURG)

Are you looking for me
At the break of dawn
Will you come back and stay
As you told me last Saturday night
I hope I'll hold you tight
And I do it every night
But my dreams fly away
Every day
Every night and day

Will you dance with me
If we do it on a Saturday night
I thought I heard you say
You couldn't get on with that souvenir
I'll forget my name
If it is the only way
To live again these Saturday nights
I miss today
When we were...

REF : Someday I will find a way
That will keep me satisfied
Someday I will find a way
That will keep me sad and satisfied

Could you believe I
Miss the good times we spent you and me
Every day I try
To make a sense of this new century
For all the things we made
No matter what they do or say
I don't care, I don't care
And I'll be there
