

LOOK AROUND
(Stephane LEBOURG)

Looking after someone who could understand
The way I feel, the way I live
I try to look around, to go through
What a merry-go-round me and you
I close my eyes not to be
Like the other guys and it's not easy

Take a look around

One against all, we'll do it again
The curtain falls, but it 's not the end
It's a new beginning, I love the past
Forget what you're missing and the struggle will last
I close my eyes not to see
How they try to take and make it easy

Try to look around

I shout and upside down
My head in the clouds, my feet on the ground
I sing for you, can't you hear the sound
Even if, it's true, I don't know where I'm bound
You opened my eyes, thank you so much
I won't trust their lies for the final touch

Take a look around
